

2023 Rotary Botanical Gardens – Exploring the Labyrinth

The labyrinth is a symbol both ancient and modern that anyone can use for meditation, problem-solving, or relaxation. Unlike mazes, labyrinths have no wrong turns. In a labyrinth, a single path leads us through a series of turns until we arrive in a centering place. Life-size, walkable labyrinths have been present in different cultures around the world for thousands of years, and are available today in public parks, gardens, schools and community centers.

In this workshop, we will learn the benefits of using a labyrinth, explore labyrinth history, learn to draw a simple labyrinth and, in honor of World Labyrinth Day, we'll walk the lovely labyrinth located at Rotary Gardens. We'll also learn how to find more local labyrinths for future exploration.

Our workshop leader, Suzelle Lynch, is a Janesville resident and labyrinth facilitator trained by Veriditas, a non-profit organization dedicated to inspiring transformation and renewal through the labyrinth experience. Suzelle is also a member of the world-wide Labyrinth Society, and has 20 years of experience leading labyrinth workshops and walks.
